

Embassy Adoption Program

A collaboration between
DC Public Schools,
Washington Performing Arts Society,
and the diplomatic community
providing students with an enriching
cross-cultural experience

Program Overview

An award winning program in its 34th year.

Sixth grade (and some 5th grade) classes in the 4 quadrants of DC are each “adopted” by an embassy for the school year.

Students learn about the history, geography and culture of their “adopted” country.

Students also learn about the role of an embassy, the United Nations, and environmental issues from the point of view of their adopted country.

Classroom Instruction

Interdisciplinary instruction and hands-on projects strengthen a variety of academic skills.

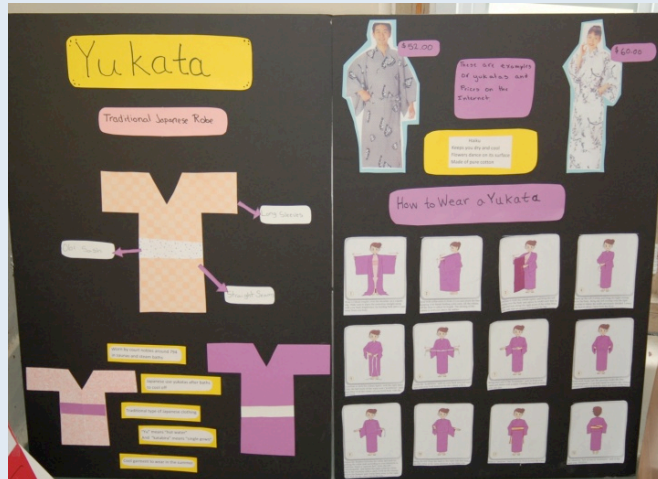

Classroom Instruction

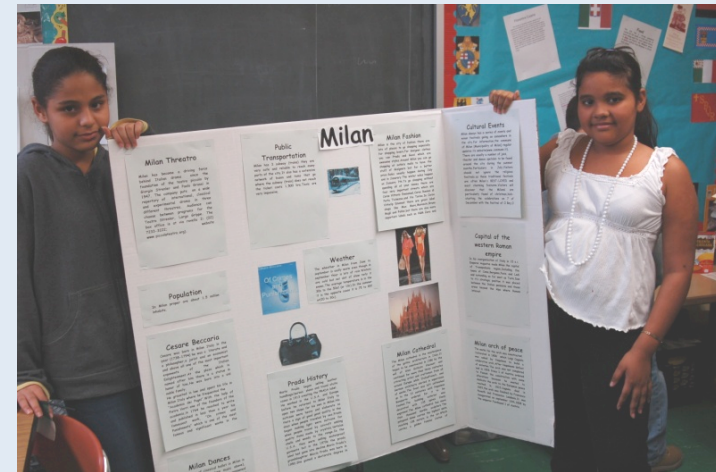

Classroom Instruction

For our Embassy Adoption unit, we picked a topic to research. We then presented to our class.
